

Appendix A – RATE SCHEDULES

Effective 1/01/2026

The following Schedule of Rates has been adopted by the Hampton Shaler Water Authority for the various classes of water service:

1. **Consumption Charge:** The rate of \$6.00 per 1,000 gallons will be charged to all customers according to the customer's total billing period consumption
2. **Ready to Serve Charge:** A monthly charge will be made to each customer for each meter irrespective of the amount of water used or demand imposed on the utility system, the amount may be billed monthly or bi-monthly (two months):

Meter Size	Monthly Charges
5/8"	\$14.00
3/4"	18.00
1"	24.50
1½"	48.50
2"	77.50
3"	154.50
4"	240.00
6"	480.00
8"	960.00

3. **Consumption Charge:** The rate of \$6.00 per 1,000 gallons will be charged to all customers according to the customer's total billing period consumption
4. **Bulk Water** (minimum 1,000 gallons): \$7.00 per 1,000 gallons
5. **Penalty for Tampering With or Obstructing Authority Equipment:**

A penalty will be assessed for the obstruction of normal operation of the curb stop by any obstacles placed over, in, or around the curb box or tampering with the curb box.

A penalty will also be assessed for tampering with fire hydrants, the water meter and/or the breaking of seals. Should any seal be accidentally broken, contact the Authority to have the item resealed.

The penalty for tampering or obstructing is **\$500.00** per occurrence
